CURES GUARANTEED, OR NO PAY REQUIRED.

IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.

The above rules, established by Dr. J. C. Young in 1850, d which have done so much ecure the reputation of this stitute, are still adhered to, ording those in need of dical aid, the certainty of re and the utmost confidence. There is nothing of so great portance to the sick as to ow where to find a physi n whose skill and humanity e assurance of proper and licate treatment. The Doc would respectfully call the tion of those of both sexes o are suffering or in trouble the invariable success that marked the career of the itute in the seventeen years its existence.

It is unnecessary in this con ction to enumerate all the mplaints treated at the In tute, but the Doctor feels it duty to call especial atten n to that terrible scourge, SEMINAL WEAKNESS, That is sapping with its in diousness the very life of its ctims; in the treatment and re of which the Institute has ned so enviable a reputa n.

How [illegible] this terrible [illegible] of Seminal Weakness is, [illegible] who devotes his [illegible] but its presence can be detected by [illegible] by noting the following symp[toms]: [illegible] of the back and limbs, [illegible] power; nervousness; [illegible] pained by hot head; [illegible] short breath; flushings of the face; [illegible] of the mind; loss of [illegible] colorless; slight discharges upon the [illegible] palpitation of the heart; [illegible] temper, etc.

OUR WASHINGTON LETTER

FROM OUR REGULAR CORRESPONDENT

WASHINGTON, Saturday, Sept. 12, 1868.

THE FORTIETH CONGRESS—NOMINATIONS FOR THE FORTY FIRST.

The Fortieth Congress contains two hundred and twenty five members in the House of Representatives, of whom one hundred and seventy one are Republicans, and fifty four Democrats. They are distributed as follows: Oregon, 1 Republican; California, 1 Republican and 2 Democrats; Nevada, 1 Republican; Nebraska, 1 Republican; Kansas, 1 Republican; Iowa, 6 Republicans; Minnesota, 2 Republicans; Missouri, 8 Republicans and 1 Democrat; Illinois, 11 Republicans and 3 Democrats; Indiana, 8 Republicans and 3 Democrats; Wisconsin, 5 Republicans and 1 Democrat; Michigan, 6 Republicans; Kentucky, 9 Democrats; Ohio, 15 Republicans and 4 Democrats; West Virginia, 3 Republicans; Pennsylvania, 18 Republicans and 6 Democrats; New Jersey, 3 Republicans and 2 Democrats; New York, 20 Republicans and 11 Democrats; Connecticut, 1 Republican and 3 Democrats; Delaware, 1 Democrat; Rhode Island, 2 Republicans; Vermont, 3 Republicans; New Hampshire, 3 Republicans; Massachusetts, 10 Republicans; Maine, 5 Republicans; Maryland, 1 Republican and 4 Democrats; Tennessee, 8 Republicans; North Carolina, 6 Republicans and 1 Democrat; South Carolina, 5 Republicans; Georgia, 5 Republicans and 2 Democrats; Alabama, 6 Republicans; Louisiana, 5 Republicans and 1 Democrat; Florida, 1 Republican. Thus it will be seen that of the members of the Fortieth Congress the Republicans have a majority of more than three fourths in the House of Representatives, and they have a still greater majority in the Senate. Of the Senators already elected to take their seats on the 4th of next March, the Democrats have gained one in California (Casserly in place of Conness)—one in Ohio, (Thurman in place of Wade,) and the Republicans have gained one in Tennessee, (Brownlow in place of Patterson,) and, of those yet to be elected, the Republicans will almost certainly gain one in Connecticut in place of Dixon, one in Pennsylvania in place of Buckalew, and one in Wisconsin in place of Doolittle, while in New York, Indiana, Nebraska and Nevada, the verdict is uncertain, though the chances are in favor of the Republicans. So it is certain that the Republican majority in the Senate will be as large in the Forty first as it is in the Fortieth Congress—more than three to one. Of the few Representatives already elected to the Forty first Congress, the Democrats have gained one in Oregon—Smith in place of Mallory—and, of those to be elected, they will gain one in Maryland, in place of Francis Thomas, possibly one in Maine, (though not likely,) and perhaps six or eight altogether in the States of New York, Pennsylvania, Ohio and Indiana. On the other hand, the Democrats will lose Cary in Ohio, and possibly Niblack and Kerr in Indiana. So it is safe to calculate that the Republican majority in the House of Representatives will be nearly if not quite as great in the Forty first as it is in the Fortieth Congress. The Republicans will undoubtedly have more than two thirds, and very likely, three fourths of the House of Representatives. All the boasting of the Democrats about "a great reaction," which will give them a majority in the House of Representatives of the Forty first Congress, is useless gammon, without a shadow of truth or probability on which to base it, and is only designed by the leaders to encourage and stimulate to vigorous action the dupes and ignoramuses of their party. The above classification of the House of Representatives is made from a careful examination of the Congressional Directory, and files of newspapers giving the result of elections in the reconstructed States of the South since the Directory was published, and may be relied on as correct, except that if my memory is not at fault, just at the close of the session, one of the Ohio Democrats, and one of the Kentucky Democrats, were ousted for having been elected by illegal votes, and their seats given to Republicans, and the North Carolina Democrat has recently joined the Republicans and is now electioneering for Grant and Colfax, making the actual strength of the present House of Representatives three more and the Democrats three less than I have counted.

The Republicans have nominated full tickets for Congress in Tennessee, Ohio, Indiana, Missouri, Iowa, Minnesota and Maine. In New York, they have only made one or two nominations for Congress yet, and in Massachusetts I believe they have not made any nominations up to the present time. In most of the other States a part of the nominations have been made and a part are yet to be made. District conventions are the order of the day all over the country, and every day brings the news of some new nominations. In another week or ten days the nominations will be completed in all of the States, and then the Congressional as well as National canvass will rage along the whole line until the elections take place, when the Copperheads will once more be compelled to subside. The Republicans have, in most instances where the nominations have been made, placed in the field their oldest men for re-election. In Vermont they have renominated and re-elected Luke P. Poland and Worthington C. Smith, and one new member. In Maine, they have renominated James G. Blaine, and two or three more of the present members. Pennsylvania has renominated Schofield, Covode, Coke and Kelly. Ohio has renominated Eggleston, Schenck, Lawrence, Ashley, Welker, Bingham, Garfield and several others. Indiana has renominated Julian, Coburn, Washburn, and a few more of the present members. Illinois has again placed in the field Logan, Washburne, Ingersoll, Farnsworth and others. Wisconsin, on the 9th instant renominated Hopkins and Sawyer, and on the 10th Paine. Washburn the other Republican was renominated some time ago I believe. In Minnesota, Donnelly, the present member from the first district, and Hubbard, also a Republican, are both in the field, but one will probably withdraw before the election to save the district from the Copperheads. In Tennessee, Stokes, Maynard, Butler, Arnell, Hawkins and Nunn have been renominated, but in the districts of Arnell and Nunn an independent Republican is in the field, and in the fifth district, now represented by Trimble, two Republicans are on the ticket. The Republicans have renominated Pile, Van Horn and Benjamin in Missouri. In Iowa they have renominated Allison and Longridge.

THE CAMPAIGN.

Every day the prospects of the Union party are brightening, and there is no longer room for a shadow of doubt that we will elect Grant and Colfax by a very large majority, and have a majority of more than two thirds in both branches of the 41st Congress. The Union party is more harmonious, better united, and a great deal stronger than it was a year ago. For instance, at the late election in Vermont the Republicans gained over their vote of last year 44 per cent, while the Democrats only gained 25 per cent, which increased the Republican majority about 7,000. The election in Maine next Monday will show about the same result. And in New York, Pennsylvania and Ohio, the ratio of our gain will be greater than in Vermont. Pennsylvania and Ohio will give Republican majorities and they will be followed by New York. Great enthusiasm prevails among the Republicans and both parties are hard at work, in all those States and, in fact in every State, North and South. Last Tuesday night the Republicans held a great torchlight procession and four meetings in the city of Philadelphia. To day they are having a great mass meeting in New Orleans, the chief city of the South, and to night it is expected that 20,000 will march in the torchlight procession. From Colorado and New Mexico in the west the welcome news comes as I write that they have followed the example of Vermont, and that the Republicans have gained in every county, electing a large majority of the members of the Legislatures of both Territories.

On Tuesday, the 8th, the Republican State Convention of Massachusetts met at Worcester and, as I predicted some weeks ago, nominated Wm. Claflin, Chairman of the Republican National Executive Committee, for Governor, and Jos. Tucker for Lieutenant Governor. The whole number of votes cast for Lieutenant Governor, the Governor having been nominated by acclamation, was [illegible] in a very large State Convention, [illegible] as large as the Republican National Convention. Among the resolutions, one was passed amidst great applause calling for the re-election of Charles Sumner, who is now serving out his eighteenth year in the United States Senate. This secures him six years after the 4th of March next, making 24 consecutive years in the Senate. Massachusetts will keep Charles Sumner in the Senate as long as he lives and is able to serve. She is justly proud of his ability, his patriotism, his learning and his fame.

The Georgia Democrats, after having expelled the [illegible] members from the Legislature, who had been legally elected, have followed that up by swearing in as members the candidates of their own party who had the next highest vote to those expelled, and who were not legally elected. This will give Grant all the Southern States so that he will receive almost the unanimous Electoral vote of the nation. The Northern Copperheads counted on carrying Georgia and Arkansas for Seymour and Blair with negro votes, but their Southern allies have spoiled that nice little game.

The Arkansas Democrats are behaving, if possible, worse than the Georgia Copperheads. In Arkansas they are in open rebellion in several counties, having broken up the courts while in session, killed a good many Union men, and driven hundreds from their homes. They threaten that they will follow Frank Blair's advice and "disperse the carpet bag State Governments." In each of the States of Tennessee, Georgia, Louisiana and Texas, the Ku-klux Democrats are murdering about an average of one Unionist or "carpet bagger" a day.

THE INTERNAL REVENUE IMBROGLIO.

The Copperheads still continue their effort to get Commissioner Rollins out of the Internal Revenue Bureau, so they can get the patronage. It is reported that the President informed them that he did not question the honesty of the Commissioner, and only attempted to remove him for political reasons, but gave them liberty to bring charges against him if they could discover anything on which to base their proceedings. Accordingly they trumped up some charges, and Binckley, the Copperhead Solicitor of Internal Revenue, has been in New York "prosecuting" Rollins and one or two of his deputies. McCulloch, who refuses to appoint Rollins' nominees because they are Republicans, is said to be greatly disgusted with Binkley and his associates regarding their proceedings as unwarranted and without foundation. The United States district Attorney Courtney, whose duty it is under the law of 1789, to prosecute the parties, charged with crimes, also became greatly disgusted at Binckley's insolence and want of judgment. On Tuesday they met for consultation at the Astor House, and Courtney pitched into Binckley for his insolence and gave him a severe thrashing, blacking his eyes beautifully. The Attorney General telegraphed to Courtney that Binckley has not been employed by the Attorney General, nor so far as this office is apprised, by *any head of Department*, to assist you in this case. So the irrepressible Binckley, who had been acting on his "own hook," was squelched, and ordered back to his desk in the Treasury, where he arrived last evening with two black eyes.

THE POSTAGE STAMP CASE.

A case which has been pending two years in the Canada chancery court at Toronto, has just been decided in favor of our Government. It was for $12,000 worth of stamps captured in 1864 by the rebel cruiser *Florida*, and sold to a merchant of Liverpool, who consigned them to Toronto for sale, where they were claimed by the United States. This case is considered very important as a precedent, as there are many similar cases pending in England and France. Caleb Cushing was the leading counsel for the United States.

THE CHINESE EMBASSY.

Minister Burlingame and the Chinese sailed from New York last Wednesday for Europe, where they go to conclude treaties with the principal nations, similar to the one which they negotiated with the United States.

A SEPTEMBER SESSION.

Messrs. Morgan and Schenck have not yet decided whether a September session is necessary or not. However, it is not generally believed here that there will be a session for business during this month, but there is some prospect that a sufficient number of members will meet to adjourn over to an earlier day than the first Monday in December, though I do not believe they will even do that much.

DISCHARGE OF CLERKS.

A great many clerks have been discharged from the Treasury, War, and other Departments in this city. They reduction still goes on, and it is stated that at the close of the present month about 200 more will be discharged from the Treasury Department, a large number of whom are female clerks. Congress made a great reduction in the War Department at the last session, and cut down the Navy to what it was before the war—8,500. Since the adjournment the reduction has gradually been going on, until now the Navy is down to the required standard. The Administration has taken good care of Seymour's "friends," in cutting down the force in the various Departments, and has made a clear sweep of Republicans wherever it could be done. A reduction is now going on in the Custom Houses, which, it is said, will when completed reduce the annual expenditures about $1,000,000. Over 100 Republicans were turned out of the New York Custom House last week. K.

[SPECIAL DISPATCH TO THE OREGONIAN.]

Oregon Legislature

SALEM, Oct. 1.—In the Senate, Adams presented a memorial from the Grand Lodge of Good Templars for a Prohibitory Liquor Law. Referred to Adams, Dribblesby and Crawford.

Several new bills were introduced.

Resolution to adjourn *sine die* October 17th was laid on the table.

The House joint resolution censuring Senators Williams and Corbett and instructing them to resign was taken from the table and adopted with but little discussion by the following vote:

Yeas—Cochrane, Crawford, Cyrus, Dribblesby, Ford, Hendershott, Holtzclaw, Huston, Ison, Miller of Jackson, Stout, Trevitt, Mr President—13.

Nays—Adams, Bayley, Brown, Cornelius, Herman, Miller of Marion, Pershbaker, Powell, Thompson—9.

In the House a memorial was presented from Mr. Besser in regard to the purchase of the Gardner Shackle, and a remonstrance against the division of Douglas county.

Gilfrey introduced a bill amendatory of an Act creating officers and providing for the government of the Penitentiary. It makes the Superintendent elected by the Legislature.

Bellinger introduced a bill to tax the stock of National Banks.

Gray introduced a bill to increase the salary of the Judge of the Fifth District to $4,000.

A long discussion was held on the bill relating to roads and highways.

HOW TO "HEDGE."—George Wilkes gives this characteristic advice to a friend who wants to "hedge" his bets in the last New York *Spirit of the Times*:

A subscriber who desires to bet on the election of Grant to the extent of five thousand dollars, inquires of us whether we can give him some point on the other side by which he can safely "hedge," in other words, make some counter bet which will, in some sort, protect his money. Our friend is too prudent. We would not advise him to hedge at all, but if he wants to make his betting as nearly a sure thing as possible, we would advise him, after laying out his five thousand dollars on Grant, to invest five hundred dollars in buying Confederate bonds. He can secure about ten thousand dollars' worth of them for about the sum we name, and if Seymour and Blair should be elected, they would soon be worth fifty cents on the dollar.

A lecture is [illegible] by William J. [illegible] at the Court House this evening on the subject of Oregon, California, Arizona and New Mexico. Mr. Beggs has just arrived from the country which he proposes to describe, and his lecture will be worth listening to. The price of admission will be only 25 cents.

NATIONAL UNION NOMINATIONS.

For President:

U. S. GRANT,

Of Illinois

For Vice President:

SCHUYLER COLFAX,

Of Indiana.

For Presidential Electors:

O JACOBS of Jackson
W LSON BOWLBY of Washington
A B MEACHAM of Umatilla

A Southern Prophet

Not long since the Confederate ex Vice President A H Stephens was visited by a New York *Herald* reporter in quest of political information The Democratic sage was not at all indisposed to give his views of the situation He is for Seymour for the philosophical principles of "slavery subordination and government on which the late lamented Confederacy was founded and for Pendleton's financial theory as the only means of saving the country from total destruction The drift of the prognostications is indicated by the following

"The last vestiges of constitutional freedom are rapidly disappearing, and we are fast verging into centralization and despotism Unless some wonderful change takes place, unless the people of the North exercise that wisdom for which Americans have been so remarkable in the past though they seem to have lost it latterly the world shall ere long witness the establishment of an empire on the ruins of this once great republic If Grant is elected next November I never expect to see another Presidential election Grant is entirely underrated by the country and the press I know him very well He is a remarkable man one that few appreciate, of decided military genius, indomitable energy and indomitable will —just the man for a *coup d etat* such as the present Emperor Louis Napoleon performed when he placed himself on the throne of France"

It is painful to see these Confederate patriots taking so gloomy view of the future of the country. It is melancholy to reflect that after all they have done to preserve the country and its institutions, they must now give up in despair But the Republic will not follow their advice and it must go by the shortest road to the "demnition bow-wows"

But there are more drivellers besides A H Stephens who are continually talking as he does in the above ridiculous paragraph Such persons know not the people who control this nation and will control it They suppose that the people at large are a herd of imbeciles whom any usurper can trample on and reduce to servitude Hence they are always prating about the danger of a monarchy and a despotism Every day we meet with such talk in the newspapers, it is continually heard in the speeches of shallow, mumping, canting, puling politicians These unhappy people are continually predicting that the Republican party is about to place the country under the rule of a despot The truth is, the intelligence of the Republican party is the best security the country has against the centralization and despotism which is so gloomily predicted. The Democratic party would submit to a despot much sooner than would those whom they charge with a purpose to subvert the freedom of the country and erect a one man power

Nationality of Our Soldiers

During the war the British and rebel press were in the habit of asserting that three fourths of the Union army was composed of fo[illegible]ers—"the scum and dregs of Europe," as the rebels termed them. Many Copperhead papers also asserted that the Abolitionists were themselves too cowardly to fight and hired foreigners to fight for them At that time the Copperheads were shouting that the war was unconstitutional, and of course no good Democrat would participate in it (on the side of the Union), unless he was compelled The question of the nationality of our [illegible] is settled by a new work on statistics by Prof. B. A. Gould, from advance sheets of which the New York *Post* condenses the following [illegible] statement of the nationality of the white soldiers in the Union army from the loyal States and Territories, excluding the Pacific [illegible]:

	No	Per cent
Native A[illegible]	1,576,800	78 13
[illegible] and [illegible]	45,500	2 26
Irish	144,200	7 14
G[illegible]	176,800	8 76
O[illegible] and other fo[illegible]	48,400	2.38
[illegible] nativity unknown	26,500	1 33
Total	2,018,200	100 00

These figures, being drawn from official sources, are entirely trustworthy They prove that nearly *four-fifths* of the entire rank and file of the Union army from the North were Americans The foreign-born element rendered valuable and efficient aid, but the brunt of the conflict fell on the native-born, as the above figures prove.

Easy to Please

For a fortnight after the Maine election the patriarch of the *Herald* continued to assert most [illegible] that the Republican majority in that State did not exceed 15,000 He knew it The telegraph was not to be believed. The "dirty dog" in the office down at Sacramento had "added 5,000 to the figures" Well, we have the full returns, and the Republican majority is 20,172 To show the significance of this result, we append a statement of the vote of Maine during the past ten years.

Average Republican majority for ten years, 15,900.

If Democrats can derive any comfort from the fact that the present Republican majority in the Pine Tree State exceeds by several thousands the average majority during the last ten years, they are exceedingly easy to please

The Mobile *Register*, (Seymour and Blair) has the following good "Democratic doctrine in a recent issue "The South 'never rebelled' against the Constitution of the United States, for it took it out with it and set it up on its own altar, nor did it 'rebel' against the North, for a peer cannot rebel against a peer The South believed its rights of freedom and property were not safe under the Abolition Radical administration And we are of those who to day believe that the blood poured out in this war as a protest against the 'unconstitutionalism' of the Republican party was a necessary libation to the genius of free American institutions, and will yet, under Heaven, prove the salvation of the American Constitution'"

The *Bulletin's* New York correspondent writes "The political flood that has just swept over the Democracy of Vermont is treated quite lightly by the Democratic journals hereabouts It is not much of a shower after all they say, and precisely what they had been expecting And yet they had their arrangements all made for firing 100 guns—one gun for each 150 gained—on the receipt of the news This shows that they were calculating on a gain of about 10 000 votes in the State They are now calling upon the unterrified to keep their eyes fixed upon the Star in the East, whose State election is next in order" They have heard the guns from Maine, and trust they are satisfied with their ring

Negro Power in Congress

Those who heard Mr Garfield on Wednesday night will bear witness to the clearness and ability with which he presented the subjects of suffrage and Congressional representation as affected by the fourteenth amendment Incident to this matter we present the following table showing the negro population of each of the Southern States, the number of Congressmen to which its whole population entitled it and the number of these which it gets by reason of its negroes We should add that under the last census, a population of about 127,000 is required for each Representative

	Negro Population	Whole No of Congressmen	Congressmen representing negroes
Alabama	437 [illegible]	6	3
Arkansas	111 259	3	1
Florida	62 [illegible]	1	0
Georgia	465 698	7	3
Kentucky	236 167	9	2
Louisiana	[illegible] 541	[illegible]	[illegible]
Maryland	171 131	5	1
Mississippi	437 404	5	3
Missouri	118 503	9	1
N Carolina	361 522	7	3
S Carolina	412 320	4	2
Tennessee	283,019	8	2
Texas	182 921	4	1
Virginia	548 907	8	[illegible]
W Virginia		3	1
Total		85	28

The State of Alabama now has precisely the same number of Congressmen as the State of Iowa yet the white vote of Alabama is less than 75 000, while that of Iowa is over 150 000 The Democratic party demands that none but white men shall vote in Alabama, and yet insists on that State holding its representation in Congress and in the Electoral College, so that one rebel Alabamian s vote shall have more weight the votes of *two* loyal Iowa men They want to see this inequality continued in Louisiana Mississippi, South Carolina, and every other Southern State so that the Southern States, a majority of whom are sure to vote Democratic, may wield power enough to control the legislation of the country They insist on using the negro to swell the power of the late rebels in the national councils, and at the same time deny the negroes all civil and political rights. This is what the Democratic party call justice and fairness, and this what a majority in the Oregon Legislature are contending for so strenuously when trying to nullify the Fourteenth amendment, which corrects the inequality that they would perpetuate

Giving it Up

The *Oregon Herald* has been quoting from the New York *Herald* in the effort to make somebody believe that there is a chance for Seymour and Blair But lately the New York oracle throws up the sponge In an article of the 7th September it says "All the facts before us, all the signs of the times, indicate an overwhelming triumph to Grant and Colfax" Here are the first and last paragraphs of its article

The Vermont election was as much a trial before the people of the strength of Grant and Colfax on the one side and Seymour and Blair on the other, as if they had been directly voted for and the results from our observations on these preliminary local elections of many years, indicates the drift of the popular tide throughout the country on the main question We are prepared for a similar result in Maine some nine days hence, and for corresponding Republican successes in the October State elections in Pennsylvania Ohio and Indiana. In the event of such successes no doubt will remain as to the Presidential issue in November The election of 1868 will be substantially the election of 1864 over again, and the success of Grant in his first beat may be even more decisive in the general result than that of Lincoln in his second election * * * * * *

In conclusion, the political situation from the standpoint of the Vermont election seems to be this In the nomination of Grant by the Republicans, they did much towards placing the Presidential contest on the issues of the war for the Union, and the Democrats have done the rest in their ticket and platform, and in their leaders and managers, journals and orators conducting the canvass From all the signs of the times, therefore, the Presidential election of 1868 will be a repetition of the election of 1864 The result of the Maine election however, will throw a stronger light upon the subject

That "stronger light" has been given, and the result is not doubtful

Seymour's Next Speech to a Mob

After Seymour gets into the White House (if he ever gets there,) and the Southern Democrats, led by Wade Hampton, "the butcher" Forrest, "Admiral" Semmes, Beauregard and Wise, have risen in insurrection and "dispersed the carpet-bag State Governments," they may make a sudden rush on Washington to seize the Capitol, "compel the Senate to submit," and declare Southern independence President Seymour will then address them from the steps of the Capitol as follows

"MY FRIENDS I have come over here from the quiet of the White House to see what was the difficulty—to learn what the trouble was concerning the Government Let me assure you that I am your friend [Uproarious rebel yells led by Wade Hampton] You have been my friends [cries from Forrest's butchers, 'Yes, that's so,'] and now I assure you, my fellow Democrats, that I am here to give you a test of my friendship [The old rebel yell from W[illegible]'s battalion] I wish to inform you that I have sent my private Secretary to the different departments to have this Government suspended and stopped [Prolonged rebel yells] I now ask you, as good Democrats to wait for his return, and I assure you that I will do all I can to see that there is no resistance and no harm done to any of you I wish you to take care of all government property, as good Democrats, and see that Admiral Semmes only gets his share The safe keeping of public property and archives rests with you, and I charge you take care of them It is your duty to maintain possession of the city, and I know you will do it I wish you now to separate as good Democrats, and you can assemble again whenever you wish to do so I ask you to leave all to me now, and I will see to your rights Wait till my private Secretary returns from the Departments, and you will be satisfied Listen to me and see that no Radical escapes with any of the public property but dispatch him peaceably"

The Chicago *Tribune* of the 16th September says the Republicans carried every county in Maine, regaining the three which were lost last year, electing every member of State Senate and seven eighths of the House of Representatives

The State Fair.

STATE FAIR GROUNDS Oct 1 —The most sanguine expectations of the Managers of the Fair are fully met to day Many think that there has never been a larger attendance at any former fair, and certainly there never has been, upon the whole, a better exhibition

The trotting race at 2 P M to day, best three in five mile heats, was won by H G Hadley s horse in three straight heats time, 3 23, 3 24½ and 3 04

Pacing race mile-heats, best two in three won by Wm Gird's horse "General," making second and third heats in 2 45½ and 2 49

The five mile trot was won by T A Davis' mare "Fashion" in 15 15, against "Nellie" and 'California Lion' The miles were made in 2 49, 2 53, 2 58, 3 and 3.25 It was the best trot of the Fair thus far

The Democrats will have a "blow out" and drunk to morrow night

General Crook arrived here last evening and will remain a few days

Judge Williams is addressing an immense crowd at the Wigwam in this city Great enthusiasm!

The Democracy propose to get rid of the debt and taxation by repudiation and war—the latter remedy the very cause of our burden General Grant in his letter, lays down the following rule to effect the same end "Peace and universal prosperity—its sequence—with economy of administration, will lighten the burden of taxation while it constantly reduces the national debt."

LETTERS FROM THE CAPITAL

SALEM, Wednesday, Sept 30, 1868

IN THE SENATE

The Senate voted with great unanimity this morning for the bill appropriating $12 000 for per diem and mileage of members The bill had already passed the House Mr Adams bill to regulate the retail spirituous license business came up on third reading and was dumped into the waste basket as not wanted. It proposed to submit the question of license or no license at each general election to the voters of each precinct and if a majority should vote "license" then license to issue to whomsoever should apply and pungle the necessary amount of coin

The resolution complimenting Senators Williams and Corbett, by extending to them a cordial Democratic invitation to resign their offices, was received by message from the House and read whereupon Mr Miller of Jackson moved to lay it on the table, by the following vote Yeas—Adams Bayley, Brown, Cornelius Herman *Hat[illegible]*, *Hus[illegible]*, Miller of Marion, *Miller* of Jackson Perebbacker, Powell, Thompson 14 Nays Cochrane Crawford Cyrus Dreibelbis Ford Hendershott, Ison, Strout, Trevitt Mr President—10 It is said that Huston and Miller Democrats, are not favorable to the resolution regarding it as "child's play My impression is however that they will be dragooned into voting for it when it shall be again taken up It may sleep on the table till the Fair is over, for the reason that several members desire to have plenty of time to spread themselves

THE HOUSE concurred in the Senate joint resolution to memorialize Congress for the appointment of a commissioner to audit and adjust the claims of citizens for property destroyed during the Indian hostilities of the last few years

Mr Cox opened the railroad war which has been all along pending by offering the following resolution

"*Resolved*, That the Committee on Railroads be instructed to inquire what action, if any is necessary to make availing the grant of land made by Congress in aid of a railroad from Portland through Umpqua and Jackson county and the Southern boundary of Oregon and report to the House at an early day"

Mr Chapman opposed the resolution because he said, it involved the controversy between the east and west side companies, the inquiry would necessarily go to the rights of one or the other to the national land grant and such an inquiry by the Legislature would hurt the best interests of the State He did not impute any wrong motive to the author of the resolution, but he would say that there is scheming going on he knew there was a gigantic scheme on foot to not only go for the dollars of the National grant but to swallow up the State, to place shackles upon the people He wasn't in favor of one more than the other had been the first to advocate a road on the east side as well as on the west side The resolution would divide the Legislature and delay necessary legislation It could not, if this resolution were adopted, steer clear between the two roads but must decide for one or the other and designated one as entitled to the grant of land He preferred that nothing of this kind should be done now, thought it would jeopardize the people's greatest material interest, and by dividing the Legislature would thwart all important business A memorial had been adopted, asking aid for a road from Salt Lake City to Portland and Puget Sound The resolution pending, he was satisfied was part of a scheme to defeat that road He had no money in any road he sought only the general good He believed that if the Legislature should undertake to adopt one road or company over the other, it would be fraught with incalculable evil to the State and the people It was made apparent during the debate that as I stated prior to the opening of the session the railroad influences, one way or another are mixed up with nearly every question likely to arise and that there will be war—war to the knife. Mr Cox resented the imputation that he had any scheme and that all he wanted was information He thought there was danger of losing the grants of land, and he desired to know how the matter stands that he might be prepared to act He thought it looked suspicious for a body when he saw members desirous of avoiding information on any question of this sort Mr Gray thought there could be no danger of the State losing the lands when they had already been given to a corporation He went on to make something of a speech against the policy of giving away the public lands and dovetailed in a few remarks in laudation of his scheme of converting the public domain into a school fund He dexterously dodged the subject matter of the debate and sat down Mr Chapman's proposition to amend the resolution so as to restrict the inquiry to the question whether any legislation is necessary in the premises was voted down Mr Gaston moved to add to the resolution an instruction to the committee to inquire whether any company had complied with the law making the grant by filing an acceptance within the prescribed time This was carried and then the resolution was adopted Thus the East Side Road encamped at the close of the conflict within the lines of the camp occupied by the West Side, in the morning and the Colonel retired from the field under his first defeat.

A resolution offered by Mr Flook, was adopted, directing the appointment of a committee to inquire whether the proper steps have been taken to secure to the State the lands donated for an Agricultural College—and Flook, Neal and Bryant, were appointed such committee

Both houses adjourned at noon till to-morrow morning.

THE STATE FAIR

Everything to day is most encouraging The attendance has largely increased, and the display of articles in all departments is more than twice as great as yesterday The pavilion is nearly full, and the show of grain, seeds, fruit vegetables, manufactures, needle work, pictures, ores, inventions, etc, etc, is very creditable The mechanical department contains a first rate show of farming machines, tools, wagons, carriages, &c This department has never presented anything like the present array, and what is most gratifying, is the fact that nearly everything is of Oregon make, and many of the machines and implements are of Oregon invention and patent Among the new things to day are three grain and seed sowers—two invented by Mr Finlayson and the other by Mr Fry, both of Linn county All three are certainly destined to be brought into general use There are a considerable number of carriages and wagons, of Oregon make, as handsome and apparently as strong and durable as any of eastern manufacture There are, also, hay rakes, cider mills, plows, threshers, reapers and other machines, too numerous to mention In the Pavilion, I saw a bushel of Russian oats, raised by David Prettyman, of Polk, which weighs 46 pounds Mr G W Roland, of Salem, exhibits a harness with his patent adjustable tug clasp, which abolishes the necessity of a buckle for the purpose of letting out or taking up It is an admirable arrangement Mr Zara Sweet, of Lane county, has a safety clip, for singletrees It is so constructed that no amount of strain from pulling can detach the tug but the driver by gently pulling a string attached to a spring in the clip can detach, instantly every tug, and thus in case of a runaway or other accident, he can unhitch the horses and let them go free from the vehicle Somebody has on exhibition some iron ore and pig iron from Oswego, representing a production which is likely to be one of the most important of the State Most people, however pass this with a glance and expend any amount of admiration upon a piece of hair work, not worth a farthing except to show what ingenuity and nimble fingers can do In the south Pavilion there is a case of shoemakers' work from Mr Grabenheim of Portland, which is greatly admired and it deserves special commendation In the same room is a fine display of plants, shrubs and flowers, from numerous contributors The ladies hang over these tenderly and admiringly, but to the harder sex, they are of small moment compared with the exhibitions in other departments Dr Kohler, of Portland has a case of the first silk cocoons produced in Oregon They seem to be as large and perfect as any I ever saw in the States

THE RACES

At eleven o'clock there was a running race—for an added premium—single dash of a mile Welch entered Portland and Hill entered Harry Bluff Portland won the race in 1 55½ The walking match for premiums of $15 and $10 came off at three, P M, there being five entries A gray horse entered by J W Nixon took the premium by about a neck against Wm Gird's horse, in 11 33—one mile At 4 o'clock P M, there was a trotting race for three year old Oregon bred colts in harness mile heats, three in five, to [illegible] premium of $50 There were three entries by W H Wallace a Comet colt Jerry Welsh, and R Dufur Comet won the race in two straight heats, in [illegible] 21½ and [illegible] 25

ELECTION OF OFFICERS

The election of officers for the ensuing year took place to day with the following result President Thomas Smith of Douglas county Vice Presidents Thos Davidson of Marion and Wm Ebbitt of Clackamas Corresponding Secretary John Minto of Marion Recording Secretary, Alfred Snelling of Washington, Treasurer, J H Moores of Marion, Board of Managers, J H Lewis of Clackamas; J. H. Douthit of L[illegible], Benj Stewart of Yamhill, A J Dufur of Multnomah, C P Bacon of Multnomah, J G Basket of Polk, and Wm Wyatt of Benton

OPENING ADDRESS

The opening address was delivered at half past ten o'clock by the President, A J Dufur It was a practical and sensible document, and was listened to by a large audience Mr Dufur has done good service as the chief executive officer the past year and he retires with the respect and good wishes of all who have served with him

PARADE OF STOCK

There was a fine showing of horned cattle in the parade corrals this afternoon, but I am not able to now state the names of owners taking premiums

POLITICAL MEETINGS

Senator Williams is announced to speak at the Wigwam to-morrow evening, in behalf of the Grant and Colfax electoral ticket He will probably raise the fur on the backs of some of his small potato detractors in the Legislature The Copperheads have out bills announcing that they will have a torch light procession and a meeting at the Wigwam on Friday evening Nesmith, Jo Smith and Dirty Ben are the speakers announced and they are going to answer Judge Williams so the bills say

THEATRICAL

The Bates Company is playing every night at the Willard's Theatre, to crowded houses The Lady of Lyons was presented this evening with great success The Company has some first rate talent and I am glad to learn from Mr Bates that he and his talented wife intend to remain at Portland and to run Oro Fino Theater during the coming winter Portland is now large enough to sustain a good dramatic company, and I think it will be surprising if Mr Bates does not meet with eminent success

Simcoe Indian Reservation and Industrial School

[Correspondence Olympia Transcript]

The most noticeable feature of this interesting country is the Simcoe Indian Reservation and Industrial School The reservation is located on the Yakima river about seventy miles north of the Columbia, and covers an area of over one thousand square miles one third of which at least is as rich agricultural and pasturable land as will be found in any portion of the Union By the Yakima treaty of 1856, fourteen tribes or bands were included the principal of which were the Yakima and Klikitats all speaking, however, the same dialect These Indians are estimated at over five thousand, but only about three thousand two hundred are on the reserve at present, under the able and very efficient management of Rev J H Wilbur, one of the few Indian agents who have accepted position to labor for the Indian, rather than for place or self Before being appointed agent he was superintendent of instruction, and instituted a school, determined to test the practicability of converting the Indian to Christianity and inducing him to adopt the habits of civilized life Though promoted, he still labors with missionary zeal among these humble ones and if he fails to produce lasting results it were well to abandon all hope of doing anything to permanently ameliorate or transform the Indian character Thus far however, there is every reason to believe that Father Wilbur s efforts will be attended with success One of the advantages attending the location at Simcoe is its remoteness from white settlements, and its situation some seventy miles away from any line of travel Thus isolated the labors of the agent are not thwarted by the Indians coming in contact with the whites and there is no opportunity afforded to the latter to sell to these Indians intoxicating liquors Ft Simcoe, a military post established by Colonel Wright in 1855, had been abandoned by the military and the buildings erected were admirably adapted for an Indian agency A good grist and saw mill have been added to the improvements, and everything necessary to comfort is supplied There are about three thousand acres under fence, over one third of which are under cultivation by the Indians, and they raise large crops of peas, wheat corn and potatoes and all the garden vegetables Among the employees of the department are a wagon maker carpenter blacksmith, gunsmith farmer and teacher These parties, under Father Wilbur s direction, do not merely sign vouchers they fill their respective vocations, and the fruits of their industry and labor are abundantly apparent

The school is in full operation and is attended by numerous Indian youth of both sexes While attending school, they are secluded from their parents, In addition to the elementary branches, a farm is attached to the boys department, upon which they labor certain portions of each day under instructions and the proceeds are distributed among the boys to pay for articles they may desire Some of the boys who display an aptness for tools are learning mechanical trades, and a number of them are quite ingenious workmen The girls are instructed in housework and plain and ornamental sewing And this brings us to notice the very efficient aid in all these labors of love rendered by Mrs Wilbur—wife and co laborer of the agent

KLIKITAT VALLEY

The Klikitat Valley is about twenty miles in length and twelve in width from east and west, is very high and cold, there being frost here nine months in the year The soil [illegible] and in that portion known as the *swale* (which is about half a mile wide and traverses the entire length of the valley) it is excellent yielding fine crops of the small grains The whole valley is covered with the finest bunch grass The winters are very severe owing to its great altitude and the sweep of the wind its entire length On the north side of the valley are the pine woods in which two saw mills are erected, from which the towns of Umatilla and Walla Walla obtain their lumber From these woods too, much of their fuel is derived

The *Transcript* also gives some information in regard to the Industrial workings of the Simcoe Reservation

The crops harvested in the summer of 1866 yielded of corn and wheat, 10 000 bushels, oats 2,000 bushels peas, 1 500, with potatoes and all other vegetables in a great abundance That year the Indians cultivated 1 500 acres of land The crop harvested in the summer of 1867, which is reported for the fiscal year ending June 30, 1868 was wheat, 20,000 bushels potatoes and other vegetables in quantities exceeding the demand for home consumption During this year, the Indians have plowed and put into cultivation with their own teams, 500 acres of new lands They have two Methodist churches—native—with two hundred members have built 25 houses, 30 barns, and report as belonging to the Indians on the reservation 1 500 head of cattle and 11 000 horses The number of Indians on the reservation is given at 3,400 The yield of crops for the present summer's harvest, which will appear in the report ending June 30, 1869, is wheat, 25,000 bushels, and other grains and vegetables in a proportionate degree of increase These statistics speak a volume for the faithful efficiency of Mr Wilbur, and we are happy to hear that he has just received a reappointment for another term of four years

The *Herald* "claims the loss of Maine as a good omen for the success of the Democracy" This way of whipping the Republicans is evidently imitated from John Phoenix's manner of whipping an antagonist "I inserted my nose between his teeth," said the warlike John, and thus held my cowardly assailant down ?'

Governor Curtin thinks that Pennsylvania will give Grant a heavier majority than was ever before cast for a President and that Seymour will not get a single Northern State if the tide keeps on rising He believes the vote of Vermont will be the key note of the final result

IT IS AN INVARIABLE LAW OF NAture that every human being shall do those acts which he thinks will accrue good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of In conformity with that law, it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of The public who certainly are always most happy to comply with all things beneficial to themselves and families, should not fail to examine the fine and extensive stock of Kohn & Fishel and they will confess their stock of Dry Goods to be of superior quality and at figures below other houses Men more bold and less calculating than our fair ladies should be reminded that Kohn & Fishel and all are the leaders of fashion, the lowest in price and no man should wear clothes unless they are purchased at Kohn & Fishel s No 91 Front street

RAILROAD TO OREGON —More than [illegible] age the subject of building a line of [illegible] Atlantic to the Pacific Ocean was [illegible] gland and in America Among other [illegible] the early construction of this important [illegible] we find the following in an old [illegible] of the U[illegible] 1st, It will open the interior of our co[illegible] [illegible], and make two great markets, [illegible] world for its products 2d, It will [illegible] and create a western [illegible] for our [illegible] most too vast to be conceived of 3d, It [illegible] ble the United States to [illegible] greater facility 4th It will enable the Unit[illegible] to collect a revenue for the support of gov[illegible] toll upon the goods that pass over it from one country to another 5th, It will [illegible] of the islands midway of the Pacific Ocean, and [illegible] the despotisms of Ch[illegible], Tartary an[illegible] 6th, It will concentrate the commerce of the w[illegible] our shores, and pour the wealth of other [illegible] lap of our country Lastly, it will [illegible] magnetic telegraph to be extended [illegible] make a chain of instantaneous com[illegible] [illegible] ton and Oregon City

This last reason for a railroad [illegible] us now after the swift winged m[illegible] has for years been flying between [illegible] City" but the others certainly come with a good [illegible] to the American people yet, and [illegible] promises are sure to be realized when the [illegible] shall snuff the breezes of both oceans [illegible] at Portland and the eastern termi[illegible] of the Pacific.

BRIEF ITEMS —The new Catholic [illegible] ner of Third and Oak streets is fast app[illegible] tion, and when finished will be a fine [illegible] W. A. White is laying the foundation for a [illegible] house at the corner of Fr[illegible] and [illegible] A long low building, seemingly [illegible] the alley, is being erected in the rear of the [illegible] Company's office ... The store [illegible] & Sunderland is being fitted up [illegible] establishment ...... Work [illegible] with the grading of Pine st etc..... [illegible] to improve North [illegible] ..... The plank in this city and the [illegible] very useful nor very [illegible] condition...... The [illegible] useful and not at all [illegible] came down the [illegible] A new well [illegible] in Lone Fir Cemetery A good fence [illegible] A large procession [illegible] yesterday Among the [illegible] of the Good Templars.

[illegible] —If our late [illegible] of the Clackamas Base Ball Club, in [illegible] challenge to play at the State Fair, by the P[illegible] going up and [illegible] to the State [illegible] by evading the most [illegible] of unfairness which [illegible] much credit [illegible] carrying it out and [illegible] all the [illegible] the Pioneers. [illegible] time ago the P[illegible] match game with the [illegible] club, and were [illegible] by them, and as we [illegible] challenged them to play at the [illegible] the Clackamas [illegible] no preparation to go to the Fair, [illegible] patch was received [illegible] club were at Salem and [illegible] play for the [illegible] of the State [illegible] the [illegible] club started for Salem [illegible] before they get there, it will be a [illegible] doubtful about the chance [illegible] that telegram.

SAD AFFAIR —We clip the following from the [illegible] of the 26th ult. [illegible] half past ten o clock Lewis C[illegible] Crane, and a field hand had a quarrel, both [illegible] laborers on the Doctor's ranch, [illegible] from the city in Crane's Gulch [illegible] knife, with which he stabbed [illegible] to quiet the disturbance He lived [illegible] before medical aid could [illegible] him. The [illegible] thrown from a horse about a year ago, [illegible] he has shown frequent signs of [illegible] Tates [illegible] accompanied by deputy U [illegible] Robbins arrested him and lodged him in jail to [illegible] examination When they arrested him he still [illegible] knife in his hand and at work [illegible] the deed he had committed When the [illegible] to him he said he knew the law, and that no [illegible] hurt, and that he would not hurt the [illegible] in the world

[illegible] SHEEP.—Though the [illegible] this is the rage for fast horses, we [illegible] that there a good many fine sheep to be seen on the [illegible] If the whole concern can produce a finer sheep [illegible] one which we saw a man leading [illegible] the [illegible] city yesterday It was of a cross [illegible] down and Cotswold, two years of age, [illegible] measuring five feet around the body, and [illegible] fraction of two hundred pounds. Richard [illegible] the who owns this remarkable animal [illegible] of it to accept some pretty liberal offers [illegible] whose appetite for fat mutton is excellent.

[illegible] vs ORCHARD —In the Recorder's C[illegible] day, John Orchard who was [illegible] days [illegible] upon a charge of larceny for stealing a watch, [illegible] preliminary examination and was held to [illegible] next term of the Circuit Court for Multn[illegible] His bonds were fixed at $1,000. As [illegible] to give the required bonds and was re[illegible] county jail He is quite a young man, and has [illegible] mother, who followed him into the court room [illegible] deeply interested in him, [illegible] disgrace He [illegible] seemed to have but little [illegible] for the matter himself

SCARCE —We were yesterday informed by a Front [illegible] merchant that the supply of sugar syrup and mola[illegible] the city is quite limited. The stock has [illegible] reason of the unusual detention of the sailing [illegible] which have been detained for several weeks, but [illegible] tering the Columbia river by the dense fogs. It [illegible] more than likely we are informed be a difficult [illegible] to fill large demands from the interior immediately [illegible] ever the present [illegible] is that the supply will soon [illegible] creased by fresh arrivals, as a partial clearing up [illegible] fog has taken place

TWO HUNDRED MEN —The O C R R Com[illegible] day advertise this morning for two hundred la[illegible] white men—to work on the east side of the river [illegible] Oregon City The present indications of this Co[illegible] argues well for the accomplishment of the [illegible] work before them The se desiring employment [illegible] it by applying at the office of the Company, at the [illegible] of Front and Washington streets, in Parrish's bric[illegible]

PARTY TO-NIGHT —Some people say that Portland [illegible] this week because so many have gone to the State [illegible] but we are sure those who attend McCann's soiree, [illegible] Dancing Hall corner of Front and Alder streets, [illegible] think it dull [illegible] the beauty of the city is going. [illegible] happy time is assured

SIDEWALK A good substantial plank sidewalk w[illegible] terday laid [illegible] of the store of W[illegible] man & C[illegible] Front street We could point out several [illegible] pla[illegible] the city where such improvements would be very [illegible] able additions to the premises

THE GOODRICH —This vessel reported [illegible] bar on Wednesday had not arrived up to a late [illegible] last night The steamer which went below to [illegible] up is yet down the river They will probably [illegible] to-day

We [illegible] your wrongs [illegible] by the acts of [illegible] that it was a gr[illegible] and preserve the U[illegible] But wh[illegible] the so called D[illegible] for the rebels t[illegible] ment of the United [illegible] lated the provisions of the Constitution that [illegible] prate about [illegible] one ever heard any [illegible] the rebel Democratic party so express him[illegible]

[illegible] TO OREGON.—More than twenty two years [illegible] of building a line of railroad from the [illegible] to the Pacific Ocean was agitated both in England and in America. Among other reasons urged for the construction of this important national work [illegible] in an old number of the U S Journal. 1st. It will open the interior of our country for [illegible] and make two great markets embracing the [illegible] its products. 2d. It will increase the eastern [illegible] commerce for our country all [illegible] to be conceived of. 3d. It will enable the United States to defend her shores with [illegible]. 4th. It will enable the United States [illegible] revenue for the support of government by a [illegible] goods that pass over it from one foreign [illegible] to [illegible]. 5th. It will make republics [illegible] midway of the Pacific Ocean, and rev[illegible] China Tartary and Japan [illegible] the commerce of the world up [illegible] and pour the wealth of other nations into the [illegible] country. Lastly, it will enable a line of [illegible] to be extended along its line and [illegible] instantaneous communication between [illegible] City. [illegible] for a railroad sounds rather strange [illegible] the "swift winged messenger" of electricity [illegible] flying between Boston and Oregon [illegible] the others certainly come with a good deal [illegible] the American people yet, and some of the [illegible] are sure to be realized when the same iron horse [illegible] the breezes of both oceans within one week—[illegible] and the eastern terminus of the [illegible].

[illegible]—The new Catholic parsonage at the corner [illegible] and Oak streets is fast approaching completion [illegible] finished will be a fine improvement [illegible] laying the foundation for a handsome [illegible] the corner of Fourth and B streets [illegible] building, seemingly designed for a bowl[illegible] erected in the rear of the old Steam [illegible]. The store formerly occupied by [illegible] is being fitted up for a fancy dry [illegible]. Workmen are pushing ahead [illegible] of Pine street. The Common Coun[illegible] North Front street from A to E [illegible] this city and the fence around it are [illegible] not very ornamental in their present [illegible]. The market squares are still [illegible] at all ornamental. Two emigrant [illegible] down the Columbia, on the Cascade yes[illegible] well seventy feet deep has been dug [illegible]. A good force pump will be placed [illegible] attended the funeral of Mrs [illegible]. Among the number were many Good Templars.

[illegible] our information be correct, we think the [illegible] Base Ball Club, in declining a [illegible] to play at the State Fair by the Pioneers, [illegible] to achieve the State cham[pionship] [illegible] the most skillful club in the State, a [illegible] which scarcely would have re[illegible] on themselves had they succeeded in [illegible], and vanquished all the clubs in the State [illegible]. Some time ago the Pioneers played with the Clackamas club, and were beaten [illegible] as we learn immediately or shortly after [illegible] them to play at the State Fair. The Clackamas [illegible] declined, so the Pioneers [illegible] ration to go to the Fair until yesterday a [illegible] ived in this city stating that the Clacka[mas] [illegible] at Salem and would play for the champi[onship]. Immediately the members of the Pi[oneers] [illegible] for Salem, and if no others don't pla[y] [illegible] they get there, it will be a little mor[e] [illegible] the championship than if it had not bee[n] [illegible].

[illegible]—We clip the following from the Boise [illegible] of the 26th ult. Yesterday morning about [illegible] o'clock Lewis Crane, a nephew of Dr C[illegible] and a field hand had a quarrel, both of wh[illegible] on the Doctor's ranch situated about one [illegible] city in Crane's Gulch. Young Crane had [illegible] with which he stabbed his uncle while try[ing to quell] the disturbance. He lived about an [illegible] of aid could reach him. The nephew [illegible] from a horse about a year ago since whi[ch he has] shown frequent signs of insanity. Under [illegible], accompanied by deputy [illegible] arrested him and lodged him in jail to await a [illegible]. When they arrested him he still had th[e] [illegible] hand, and at work seemingly unconscious [illegible] he had committed. When the warrant w[as read] to him he said he knew the law and that no one w[ould] [illegible] he would not hurt the Doctor for anything.

[illegible] Though the principal feature at the State [Fair] [illegible] for fast horses, we presume that there a[re] [illegible] fine sheep to be seen on the ground but w[illegible] [illegible] can produce a finer sheep th[illegible] [illegible] a man leading along the streets in th[illegible]. It was of a cross-breed between the South[down] [illegible] two years of age, fat as possible [illegible] feet around the body and weighs within a [illegible] hundred pounds. Richard [illegible] [illegible] this remarkable animal, thinks too much [illegible] some pretty liberal offers made by persons [illegible] for fat mutton is excellent.

[illegible]—In the Recorder's Court, yester[day] [illegible], who was some days since apprehend[ed] [illegible] of larceny for stealing a watch had a [illegible] examination and was held to appear at the [illegible] Circuit Court for Multnomah county [illegible] fixed at $1,000. At last accounts he was [illegible] to do and was remanded to th[e] [illegible]. He is quite a young man and has an age [illegible] him into the court room and sp[illegible] [illegible] in him notwithstanding his [illegible], however secured, there but little regard [illegible] himself.

[illegible] We were yesterday informed by a Front street [illegible] that the supply of sugar syrup and molasses [illegible] [illegible]. The stock has fallen short [illegible] the unusual detention of the sailing vessel [illegible] been due for several weeks but prevented [illegible] the river by the dense fogs. It w[illegible] [illegible] we are informed [illegible] a difficult ma[illegible] [illegible] from the interior immediately. HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions the sale of which daily increases. The acknowledged superiority of his merchandise which commands here and in the markets of the interior a relatively higher price excites the cupidity [illegible] manufacturers and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public palming upon them their inferior products as for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.

The New Rebellion

THE PROGRAMME AS AUTHORIZED BY AUTHORITY

We have at last an answer to certain questions we have twice propounded in these columns. We addressed them at first to the Crescent, but it wisely declined to respond. We then addressed them to the *Picayune*, and now receive the following reply.

Let the people read it carefully. Let the lovers of peace and good order study it with attention. Let it be noted that when Seymour is elected the agency of the United States Senate in making or repealing laws is to be limited to a protest. Let it be observed that a Democratic President and a Democratic House of Representatives are to ignore not only the Senate of the United States but any State government that may have existed in Louisiana under the constitution of 1864 and that which now exists under the constitution of 1868.

Let the people further observe the [illegible] threat which lurks under the paragraph which we italicize in regard to what the *Picayune* is pleased to call the *de facto* government of Louisiana.

We call the attention of Republicans to this programme of the new rebellion. We invite the War Democrats to consider this bill of fat things in the way of turmoil and confusion. We ask the promoters of commerce and the owners of property to ponder over these preparations for violence and revolution.

The war, then, was nothing, and the myriad lives were laid down with insignificance. The years that have elapsed with their struggles for statesmanship since the war, are to go for nothing. And from the grave of a dead past, from the *debris* of before the flood, Mr Thomas O. Moore of blessed memory with his Legislature of 1860 is to rise and rule this state, the Senate of the United States being first squelched and the first officers of Louisiana being bullied in to the silence that gives consent.

Here are the questions we propounded:

"1. In the event of the election of Seymour will he, as President, use force to disperse, abrogate, or interfere with the present State Government of Louisiana, as established under the Constitution of 1868?

"2. In the event of the election of Seymour, do the Democracy of Louisiana propose by force to disperse, abrogate, or modify the present government of the State as established under the Constitution of 1868?

"3. In the event of the election of Seymour, if force is not required either by the President elected or by the Democracy of the State, how is the present State Government of Louisiana, established under the Constitution of 1868, to be dispersed, abrogated, or modified, and of what advantage will it be as against this Government to have elected Seymour?

Will the *Picayune* favor us with answers to these questions?"

And here is the *Picayune's* reply:

"The election of Horatio Seymour will be accompanied by that of a very large majority of the representatives of the Forty first Congress of the United States, which will, or at least can be called to meet immediately after the 4th of March, 1869, when Seymour will take his seat as President. The Senate of the United States, through nominally Republican, will hardly attempt to act in such a way as to prevent the restoration of the legitimate governments in the Southern States when this shall be evidently demanded by the people of the whole Union. Should they do so, they can only protest. They cannot prevent its being done, and no sane carpet bagger will stay relying merely on their refusal to consent to his expulsion from office.

"Now, we presume that it will be then necessary to have a legitimate State government in Louisiana, legitimate in a Union and constitutional point of view, and as there was such a one in 1860, and as the governments which have since then *de facto* exercised power, have had the invalid titles of secession or military, or Congressional usurpation as the basis of their authority, they must one and all, be set aside.

"The consequences will be that Thomas O. Moore, the last governor elected under the constitution of 1852, the last Constitution adopted by the people of Louisiana, uncontrolled by these usurpations, will assemble together the Legislature of that era, which will, we presume, at once call for the election of delegates to a State Convention to receive and propose amendments to that Constitution.

What it will be in its terms as to suffrage we do not pretend to foretell, but will promise that it will be quite as liberal as the constitutions of the States whence Grant and Colfax hail, and its members fully as much so as these Republican leaders have ever been to the negro as a "man and a brother." Moreover we will engage that all the promises they make to the latter will be fulfilled. They may not promise much, but will do all they promise to do.

"We do not think that there will be any earlier resumption of authority by the legitimate government of Louisiana, provided the *de facto* government acts with that prudence and propriety which becomes men occupying furnished houses during the absence of the owners. If, however, they should undertake aggressive legislation, thrusting out of office those elected under their own laws and constitution, making flagitious and excessive grants of money or power and following them up with an offer to force compliance, and the threat, 'Your money or your life!' we cannot answer for the consequences.

"As for the application of force, we have no idea that it will be needed. Certainly, so polite a gentleman as Governor Warmoth will not refuse to leave the house when the legitimate owner comes back, accompanied by so large a retinue as that of the great majority of the people of the State, inclusive of the black and colored people, and backed by the great mass of all the Union."—*N O Republican, Aug 20th.*

EXTINGUISHER

PORTABLE

SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement, when every moment's delay is of consequence, it is of the utmost importance no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable and as easily handled as a bucket of water.

It possesses within itself the power of a force pump and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphthaline and combustible materials now in common use.

TO ALL WHO ARE INTERESTED

IN THE TRIUMPH OF

REPUBLICAN PRINCIPLES

THE "IRISH REPUBLIC" NEWSPAPER, PUBLISHED in New York City, is devoted to the promulgation of the principles of the Republican party. It is now engaged in a bitter and most arduous struggle with all the reactionary elements which have so long controlled the votes of adopted citizens of Irish birth. Its circulation and influence are being widely extended, but as to all such enterprises its results are all consummated in the efforts at maintaining and extending that influence. The paper is a large and handsome Weekly, published at a subscription price of two dollars per annum. We propose to devote our columns to the great work of the pending campaign. We will send the *Irish Republic* for four months, for sixty cents, in packages of ten and upwards.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases of years standing and Ulcerated Legs successfully treated.

Horrible Diseases.

How many youth and of persons, both male and female, are there who are suffering from a miserable existence from the effects of [illegible] or from virus absorbed into the system. [illegible] their public emaciation and fatigue [illegible] disqualifying them for the happiness of marriage or the enjoyment of life [illegible] thousands suffer until death closes the scene. Let parents, guardians and friends attend [illegible] suffering with any of these horrible [illegible] see that they are cared for. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years and who is certain to cure the most severe cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases [illegible] using the names of eminent physicians from Europe and their cures. Be therefore cautious and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emission is the consequence of self abuse. This solitary vice or depraved sexual indulgence is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves, [illegible] pain in the loins, uneasiness about the loins, weakness of the limbs, confusion of vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of it by employing either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies should not forget the sacred responsibilities resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is reasonable, and will give to each patient a written guarantee, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded free from damage and curiosity to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who with bogus sworn certificates dupe the unwary. Some of the self styled doctors who advertise are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, late liquor office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupation in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them unless you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultation FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. js16d1tf
